

Product Data Sheet – Stainless Steel Asset Tags

Item	Description
<p>Image</p>	 <p>Stainless Steel asset labels are manufactured out of 304 Stainless steel and are extremely durable and fit for purpose. We supply in 0.5mm and 0.9mm gauge.</p> <p>Sizes: 50x25mm or any other custom size.</p>
<p>Main Application</p>	<ul style="list-style-type: none"> • Tagging of assets • Very resistant to heat, corrosion, abrasion and chemicals • available in 3 application types • Flexible formatting and label design • Black printing (acid etch) • Cannot peel, chip, flake or blister • excellent long term resistance to sunlight
<p>Adhesive Options</p>	<p>Mechanical – mount to assets using pop rivets or screws in mounting holes (as per specification)</p> <p>Acetone Activated Adhesive - Exceptional adhesive quality. After removing the backing tape, the adhesive needs to be activated with industrial grade acetone before being stuck down. If applied correctly onto a smooth surface, the product will not be able to be removed.</p> <p>Glue – Other adhesives such as contact glues and epoxy can be used for a more permanent mount.</p>
